About your report

The results in this report help your organisation build a positive workplace culture with integrity that live the public sector values.

Report contents

The visual on the right shows you what sections we've included in this report for your organisation's survey results.

Comparing data in this report

Your organisation took part in the survey in 2023 and 2022.

This means you'll be able to compare about 98% of this year's survey with your previous results.

Rounding of percentages

In this report, we round numbers up or down to their nearest whole percentage. This means some percentages may not add up to 100%.

Survey questions and definitions

Survey's theoretical framework

What this is

The framework provides an overview of the workplace factors and outcomes that the survey measures.

Why this is important

Based on theory and research, the framework focuses on core themes that help guide organisations in creating better workplaces.

We developed the framework in consultation with stakeholders from the public sector and Deakin University.

Our public sector values

The public sector values inform the professional and ethical conduct of everyone who works in the public sector.

As such, these values underpin the theoretical framework of the survey.

There's a strong link between workplace culture and how staff perceive their organisation lives the public sector values.

Your comparator group

What this is

This is a list of similar organisations to yours.

We try to make sure they're in the same industry your organisation is in. Some organisations may not have taken part in the survey previously. This means your comparator group may be different to previous years.

How we use this in your report

In this report, we compare your organisation's survey results to your comparator group's results.

This is so you can compare how your organisation is doing in your industry or to similar organisations.

We refer to your comparator group in this report as 'comparator'.

Your response rate

What this is

This is how many staff in your organisation did the survey in 2024.

Why this is important

The higher the response rate, the more your results will reflect how staff feel. If less than 100 completed the survey, consider how much one person could change your results.

For example, if only 25 people did the survey, 1 person would account for 4% of any result.

In this example, if your survey result and comparator group result or previous survey result are within 4% of each other, there is very little difference in the results.

How to read this

The number in the brackets () shows how many staff completed the survey this year.

Your employee engagement index

What is this

Engaged employees are committed to their organisation's goals and values, and motivated to contribute to organisational success.

The employee engagement index is a score out of 100. It is a weighting of all engagement question responses.

The weightings for each engagement response are:

- strongly agree is 100 points
- agree is 75 points
- neither agree nor disagree is 50 points
- disagree is 25 points
- strongly disagree is 0 points

Why this is important

High engagement may lead to greater satisfaction and lower absences, turnover and workplace stress.

Scorecard: satisfaction, stress, intention to stay, inclusion

What is this

This scorecard provides overall results for satisfaction, high to severe work-related stress, intention to stay and inclusion. There are more people outcomes scorecards throughout this report.

Why this is important

This page shows which outcomes are performing well and which outcomes you can look to improve.

How to read this

Each label represents a group of questions in the survey about people outcomes. Each result is the overall percentage of

positive responses for your organisation, comparator and public sector.

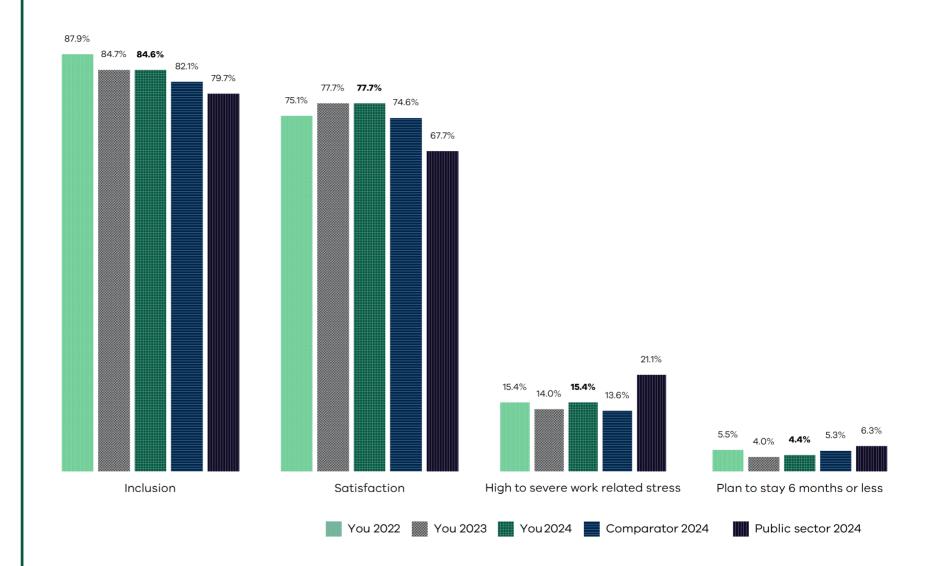

Example

In 2024:

• 84.6% of your staff who did the survey responded positively to questions about Inclusion.

Compared to:

• 82.1% of staff in your comparator group and 79.7% of staff across the public sector.

Satisfaction question results

What is this

This is how satisfied staff are with their iobs, work-life balance and career development.

Survey question

organisation

Why this is important

High satisfaction may lead to improved engagement, performance and lower absences and turnover.

How to read this

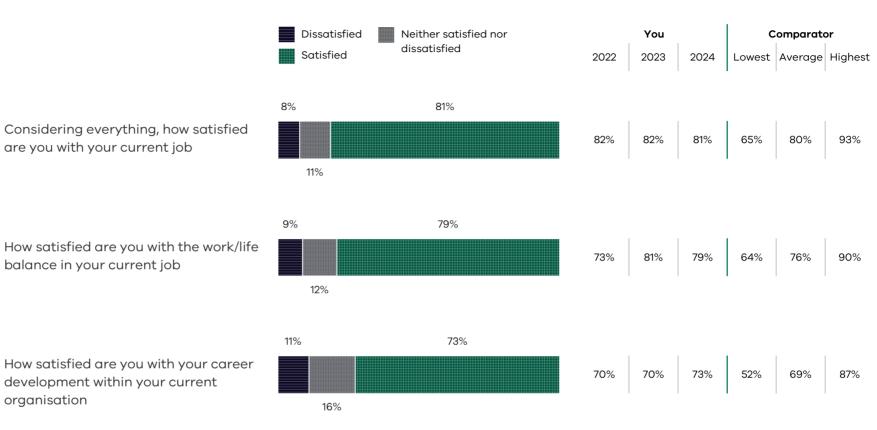

Under 'Your results' see results for each question in descending order by most satisfied.

'Satisfied' combines responses for satisfied and very satisfied and 'Dissatisfied' combines responses for dissatisfied and very dissatisfied.

Work-related stress levels

What is this

This is the level of stress experienced by employees in response to work-related factors.

Why this is important

Stress can negatively affect peoples health and wellbeing as well as their performance and behaviour.

How to read this

In this survey we asked staff to tell us their stress level.

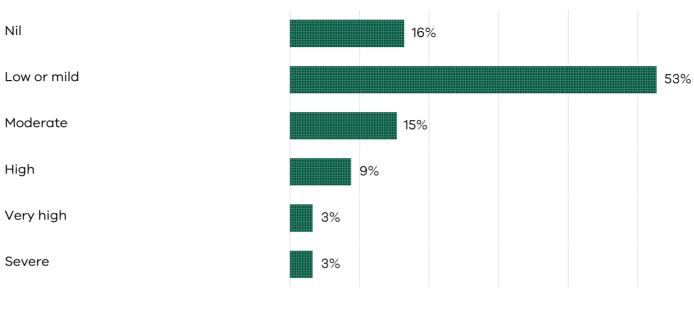

The graph at the top shows how staff in your group rated their current levels of work-related stress.

The numbers below show the percentage of staff in your group who said they experienced high to severe stress in 2024 compared to 2023, your comparator and the public sector.

Example

15% of your staff who did the survey said they had high to severe stress in 2024. This is compared to 14% of staff in your comparator group and 21% of staff across the public sector.

Why this is important

People outcomes

Stress can negatively affect peoples health and wellbeing as well as their performance and behaviour.

How to read this

In the survey, we ask staff to tell us if they have experienced mild to severe stress at work, as shown in the visual above the table.

If they answer yes, we ask them to tell us what caused the stress. They can select more than one cause.

In descending order, the table shows the top 10 causes.

Inclusion question results

What is this

This is how many staff experience that they belong, and can be themselves, at work.

Why this is important

When people feel like they belong, they can bring their true selves and lived experience to their work and workplace. This leads to increased productivity, wellbeing and better outcomes for the community.

How to read this

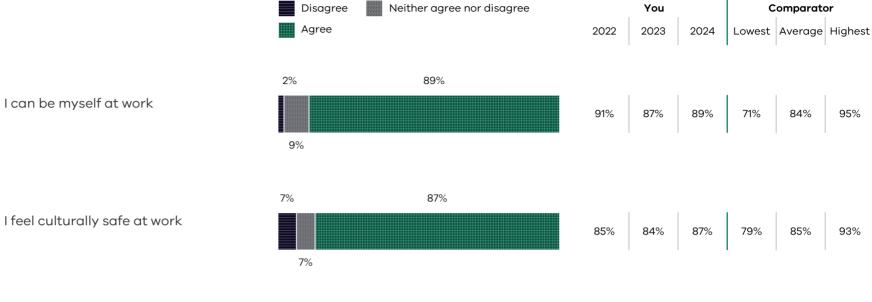

Under 'Your results', see results for each question in descending order by most agreed.

'Agree' combines responses for agree and strongly agree and 'Disagree' combines responses for disagree and strongly disagree.

Scorecard: emotional effects of work

What is this

This is the level of positive and negative feelings experienced by staff in the 3 months before the survey.

Why this is important

Positive feelings can lead to higher wellbeing and job satisfaction and a lower chance of burnout.

How to read this

Each label represents a question in the survey about emotional effects of work. Each result is the percentage of staff who said they often, very often or always felt happy, enthusiastic, worried or miserable in the past 3 months.

You can compare these with your comparator group and the public sector.

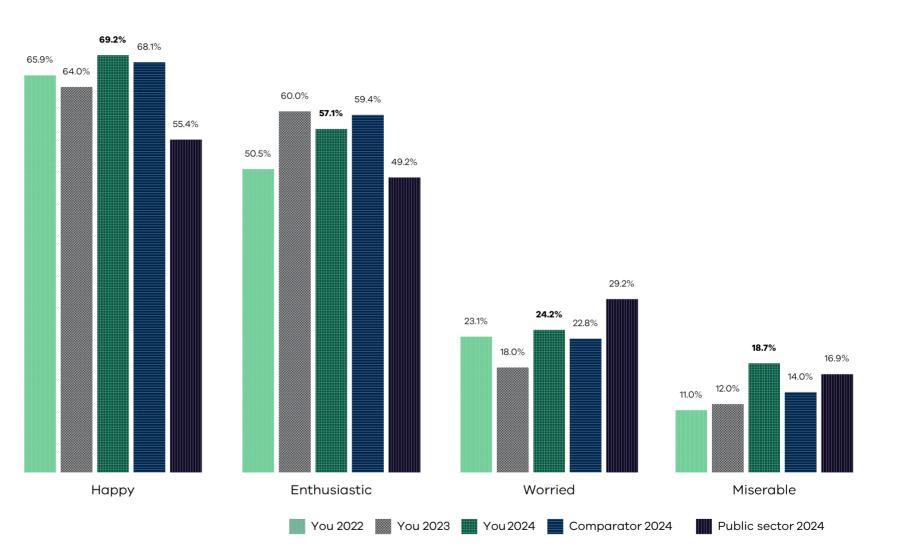

Example

In 2024:

• 69.2% of your staff who did the survey said work made them feel happy.

Compared to:

• 68.1% of staff in your comparator group and 55.4% of staff across the public sector.

Scorecard: negative behaviours

What is this

This is how many staff have experienced negative behaviours at work in the past 12 months.

Why this is important

Negative behaviours can be detrimental to health and wellbeing as well as performance and behaviour.

How to read this

Each label represents a question in the survey about negative behaviour. Each result is the percentage of staff who said they experienced bullying, sexual harassment, discrimination or violence and aggression in the past 12 months.

You can compare these with your comparator group and the public sector.

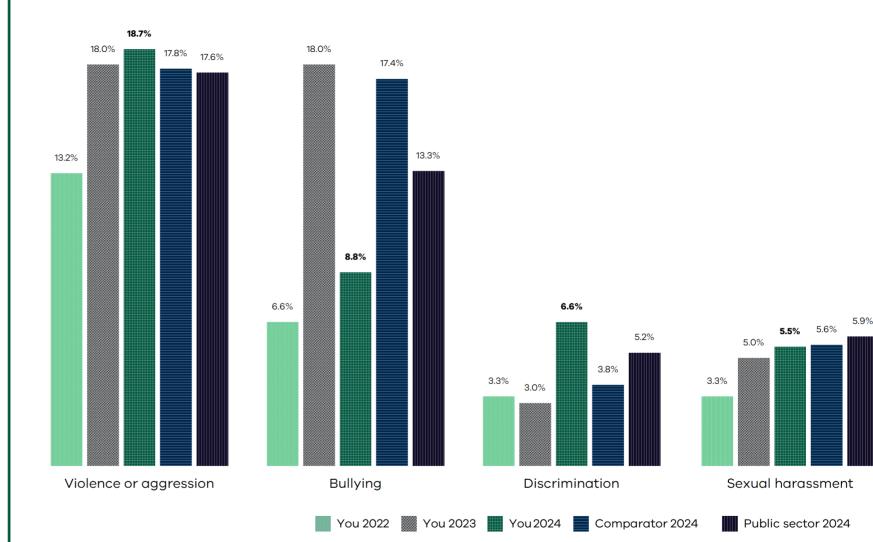

Example

In 2024:

• 18.7% of your staff who did the survey stated they experienced 'Violence or aggression' in the last 12 months.

Compared to:

• 17.8% of staff in your comparator group and 17.6% of staff across the public sector.

Bullying

What is this

This is repeated unreasonable behaviour directed at an employee that creates a risk to their health and safety.

Why this is important

Bullying can have an immediate and longterm negative impact on those involved, including those who witness bullying.

Why there is no data here

We've not published the results for this section because less than 10 people said they experienced bullying.

We do this to protect the respondents.

Sexual harassment

What is this

This is non-consensual or unwelcome sexual behaviour that could cause an employee to feel offended, humiliated or intimidated.

Why this is important

Sexual harassment can have an immediate and long-term negative impact on those involved, including those who witness sexual harassment.

Why there is no data here

We've not published the results for this section because less than 10 people said they experienced sexual harassment. We do this to protect the respondents.

Discrimination

What is this

Discrimination is when a person treats, or proposes to treat, a person unfavourably because of their personal characteristics, such as their age or gender, or other attributes.

Why this is important

Staff expect to have a safe and inclusive working environment to work in that is free of discrimination.

Why there is no data here

We've not published the results for this section because less than 10 people said they experienced discrimination. We do this to protect the respondents.

Violence and aggression What is this

This is when staff are abused, threatened or assaulted in a situation related to their work.

Why this is important

People outcomes

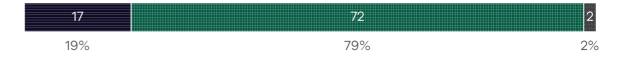

Violence and aggression can have an immediate and long-term negative impact on those involved, including those who witness violence and aggression.

How to read this

In the survey, we asked staff to tell us if they'd experienced violence or aggression. If they did, they could tell us with one or more answers what they experienced. In descending order, the table shows the answers.

Example

19% of your staff who did the survey said they experienced violence or aggression. Of that 19%, 53% said it was 'Abusive language'. Have you experienced violence or aggression at work in the last 12 months?

Perpetrators of violence and aggression

What is this

This is who staff have said are responsible for violence and aggression.

Why this is important

Understanding this means organisations can plan how to support and protect staff.

How to read this

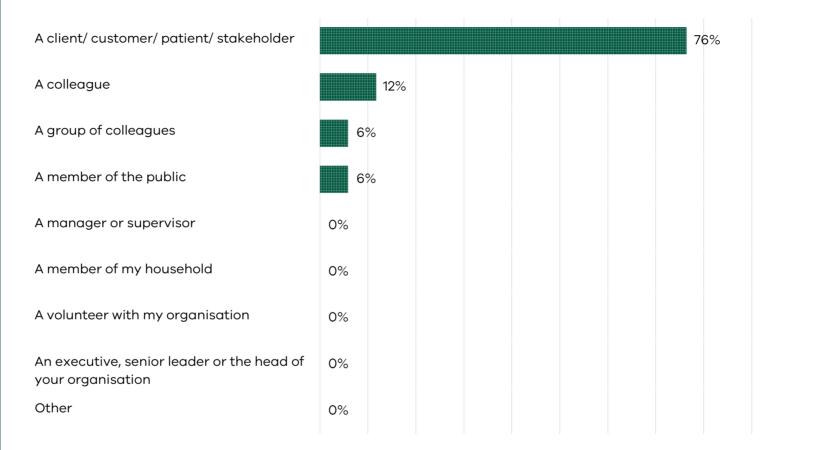

In the survey, we asked staff to tell us if they'd experienced violence or aggression. If they did, they could tell us with one or more answers who the perpetrator was. In descending order, the bar chart shows the perpetrators with the largest number of responses.

Each row is one perpetrator or group of perpetrators.

Witnessing negative behaviours

What is this

This is where staff witnessed people acting in a negative way against a colleague.

Why this is important

Witnessing negative behaviour can still have a negative impact on the person, as it does on the victim.

How to read this

In the survey, we asked staff to tell us if they'd witnessed any negative behaviour at work.

They could tell us with one or more answers if they witnessed negative behaviour and what type they witnessed.

In descending order, the table shows the answers.

negative behaviours

What is this

This is what your staff did when they witnessed negative behaviour at work.

Why this is important

What staff do when they witness negative behaviour may help organisations understand what support their staff need.

How to read this

In the survey, we asked staff to tell us if they'd witnessed any negative behaviour at work.

If they did, they could tell us with one or more answers what action they took. In descending order, the table shows the answers.

Example

24% of your staff who did the survey witnessed negative behaviour, of which:

• 50% said the top action they took was 'Spoke to the person who experienced the behaviour'.

Lowest scoring questions

What is this

These are the questions your group had the lowest agreement or satisfaction with in 2024.

How to read this

Use this data to see where your group has the lowest agreement or satisfaction with questions from the 2024 survey.

In this table, your score for this year is shown in the 'You 2024' column.

You can also compare your 2024 scores against your 2023 scores and your 2024 comparator group.

Example

On the first row 'Taking action', the 'You 2024' column shows 30% of your staff who did the survey agreed with 'My organisation has made improvements based on the survey results from last year'. In the 'Change from 2023' column, you have a -7% change, which is a negative trend.

Question group	Lowest scoring questions	You 2024	Change from 2023	Comparator 2024
Taking action	My organisation has made improvements based on the survey results from last year	30%	-7%	45%

Workload	I have enough time to do my job effectively	59%	-4%	64%

Most improved

What is this

This is where staff feel their group has most improved.

How to read this

Use this data to see if your organisation has a developing or changing trend. In this table, your trend is shown in the 'Increase from 2023' column.

When you use this data, focus on the increase instead of individual numbers. This is because the increase from 2023 shows you where the most positive changes are happening in your organisation.

Example

On the first row 'Safety climate', the 'You 2024' column shows 75% of your staff who did the survey agreed with 'My organisation has effective procedures in place to support employees who may experience stress'.

In the 'Increase from 2023' column, you have a 11% increase, which is a positive trend.

Question group	Most improved from last year	You 2024	Increase from 2023	Comparator 2024
Safety climate	My organisation has effective procedures in place to support employees who may experience stress	75%	+11%	62%

Manager support	I can discuss problems or issues with my manager	86%	+5%	81%
Meaningful work	I achieve something important through my work	97%	+5%	94%

Most declined

What is this

This is where staff feel their group has most declined.

How to read this

Use this data to see if your organisation has a developing or changing trend. In this table, your trend is shown in the 'Decrease from 2023' column.

When you use this data, focus on the decrease instead of individual numbers. This is because the decrease from 2023 shows you where the most negative changes are happening in your organisation.

Example

On the first row 'Collaboration', the 'You 2024' column shows 51% of your staff who did the survey agreed with Workgroups across my organisation willingly share information with each other'. In the 'Decrease from 2023' column, you have a 15% decrease, which is a negative trend.

Question group	Largest decline from last year	You 2024	Decrease from 2023	Comparator 2024
Collaboration	Workgroups across my organisation willingly share information with each other	51%	-15%	64%
